## Message

1. I am delighted to learn that to commemorate Sir Syed Ahmad Khan's birth anniversary, the Aligarh Alumni Association of New England (AAANE) is organizing its Annual 'Sir Syed Mushaira 2018' on 02nd Nov, 2018.
2. It fills us with immense pride to see our Alumni, who are spread in every corner of the world, converge to celebrate the occasion of the birth anniversary of our Founder. Aligarh Alumni Association of New England (AAANE) is a social hub of intellectuals and philanthropists who actively participate in the socio-economic development of the society.
3. The University has been in a constant state of transformation. We have come a long way but there are milestones yet to be achieved. To support and further strengthen academics and research activities, the University has undertaken various infrastructural development initiatives, such as establishment of Institute of Pharmacy, Nursing College, College of Paramedical Sciences, Hall of Residence for Research Scholars, Sports Hostel, International Hostel, Convention Centre and many more.
4. To accomplish these infrastructural developments, support of our alumni is vital. Being an integral part of our University community, our alumni has significantly contributed to the growth of their Alma mater by contributing generously towards the development and strengthening of the infrastructure. We are hopeful that as in the past, our illustrious alumni will come forward and extend their support and actively participate in initiatives undertaken for the expansion and growth of this University, which will go a long way in our endeavor to establish AMU as world class Institution.
5. I wish the 'Sir Syed Mushaira-2018' a huge success.

*Tariq Mansoor*
